Grandpa you fought hard to be here with those who loved you but God simply needed you more. I hope you are rejoicing with your mom and dad and Ray and Shirley Mae in heaven. I want you to know I will always cherish the moments we shared with you. He and I had a inside joke that he could never understand a word that I said , but I loved hearing him laugh as I attempted to make my accent more southern so he could finally hear what I was telling him . You had a sweet smile and a contagious laugh I will never forget. Even though we didn't get as much time with you as we wished you were always in our hearts. Please know we love you and will speak of you often to keep your memory alive. Love you grandpa Roy
