## Tribute Wall

Aunt Ginny showed me how to watch the clouds change and see pictures in them when I was a little girl. She was energetic, strong, and witty. I always thought fondly of her. She was there for me at a couple of times in my life when it meant so much and I will be forever grateful for her. Although we lived across the country, she had an impact in my life. A song has been on my mind since she passed away, the lyrics from Billy Joel, "So, Come on Virginia, Show me a Sign. Send up a signal, I'll throw you a line". I'll be looking for your messages and signs. I believe you have a place in Heaven and will help be a bridge for our family in a spiritual sense. My condolences and prayers are with all of your loved ones.

It's been three days now and I'm still crying my eyes out. I know you must've had a glorious reunion with those that

received you in your ever after kingdom. You've always been such a firecracker. Your smart alloc jokes are so missed. Even while on hospice and even after becoming bed ridden you still found a way to brighten our days. We miss you more than you could imagine. I love always and all ways!

XOXO

–Katie

You are no longer in pain and have been reunited with your loved ones and our Holy Father. I will forever remember you and love you. Thank you for everything you did for me. I know you were immediately awarded wings and will continue to watch out for us all. I love you Ginny!

Aunt Ginny was a sweet funny little lady. Loud and just precious! She always called me her Reni rain or sweetie petie! I will miss that and her so much. She was a beautiful human!
