I had the opportunity to work and learn along side Andy at the News-Herald in the early 1970s. His photographic skills made the job of the reporters easier by telling the story photographically. Thank you, Andy!

So sad to hear of Andy's passing. Andy was our wedding photographer in 1982. He was wonderful. He brought quite a bit of excitement to an already exciting day. He done a wonderful job with our wedding album as well. May he rest peacefully and his family find comfort during this time of lost.

My mom, Melda, met Andy when he was a high school student and remained friends with him for many years. He is a big part of my memories from Morganton, and I always enjoyed visiting him when we traveled there. Though I hadn't seen him in a long time, I'll always remember the wonderful stories that Mom and Mary Blaylock used to tell about him, his photographs of North Carolina, his patience when taking pictures of my toy poodle, Pepe, and his love and care for everyone he knew. My prayers and thoughts are with you.

My sincere condolences to Andy's family. I remember the first time I met him. It was at the old Grace Hospital. We both became parents the first week of March 1972. He was making a joke about our daughter having "all that long hair" and that they should charge us more for combing it. He was certainly a friendly person saying hello every time he saw me. May God bless each of you during this most difficult time in your lives. You remain in my most sincere prayers.

My condolences to Joy and family. Andy was a friend , and knew the goodness of our Lord. He often spoke of the afterlife and no longer being in pain or this evil place we call earth. He was appreciative of the good things in His life; Especially a young girl he raised to see grow to a beautiful woman. I will always have fond memories of Andy. To the Family of Andy, as you know he will greatly be missed! I'm glad I had the

opportunity to grow up with him taking pictures of my family, and then my of children. If anyone knows Andy he knew how to make people laugh especially when taking photos, I sometimes mock him when I take photos of my kids, and they still laugh at me to this day. I also had the privilege of growing up behind his studio at my mother's shop with him as a role model. He is a great guy and would be greatly missed.
