Tribute Wall

I miss you so much and I wish you were here with me every second of the day. I remember crying about you in my bed maybe a few weeks ago. I wanted to be with you. I wanna be with you every second of the day all the time. I miss you. I'm 15 now and have lots of new friends, even a crush! I love you so much and know if you were here I'd be a much better sister than I was to you. I even still remember my last words to you, it was "I love being with you". Ironical. I love you so much.
