Cody, I remember every year at the reunion, I'd mainly hang out with you and a few of our other cousins. I remember when we were young, we all had so much fun being kids. Time flew by and no one expected your time to end so soon. I regret that we grew apart and I stopped coming around the family. My heart is broken. I love you lil cuz! You will forever and always be missed. Fly high

This is never a goodbye. It never was for us. God put him in my life for a very good reason. Still one I'm holding since I held him. I can't say we ever gave up on each other because we never really did. I wouldn't have changed our last interaction, God designed it perfectly. We reciprocated how proud of each other we were and how much love we have together. I'll never be alone because I feel you with me. Forever my Love. Rest easy Angel and I'll see you later

Cody was not only my cousin he was like my little brother! No matter what it was he always knew he could call me and I was coming to help anyway I could. One night about a month ago Cody called me later into the night asking me to come help him get his car unstuck out of the mud and honestly that's one of my favorite memories we laughed so much that night and made jokes about the situation. Fly high Cody I love you and I'm going to miss you terribly!
