Hey Bubba, I just wanna say thank you for the life you gave me. Thank you for the friendship you gave me. Thank you for everything you gave me even if we didn't talk that much. It's still the friendship that counted and I know my birthday is next week and I really wish you were here to see it. I'm gonna be turning 22. I know your mom is devastating. I'm devastated everybody's devastated for what happened just know we will always take revenge for the enemies that hurt you and every single day ever time a song that comes out reminds me of you. I start breaking down because of them light you brought into everyone's life just stay strong up there Bubba and you got one of my friends and my grandpa up there with you right now on my side just fly high bubba I love you, Bubs

It's almost 5 months bubba. I look after Austin just like you would as a younger brother. But he's not doing okay. He talks about you all the time baby bro. I can't believe they did this to you bubba. You had a whole life to live man. I found the girl of my dreams bubba her name is Jean and shes 21 and she's only 4 hours away from me. She came in my life when I wasn't looking for love and now I can't get enough of it bubba Dawson. I love you so much. I got a chain with your picture in it just to remember you bubba. You always knew how to make me smile. But remember this Bible verse. John 3-16 "for God so lived the world that whoever believeth in him shall not perish but have eternal life through Christ" your still alive in our hearts bubba. We haven't forgotten you. Rest easy my baby brother. I love you.
