Hi Carolyn Just heard about Eddie and wanted you to know how sorry I am. You and your Family are in my thoughts Marie

—Marie Zimmerman McClure

I'm so sorry to hear about Eddie's passing. Although we have not been in touch or seen each other in too many years, I've always thought of "cousin" Eddie as a friend.

—Charles Bradshaw

Cousin Eddie will be greatly missed! He was so wonderful; accepting, open, & friendly to all he met. He was quick to point out the positive, because his focus was always on the good in people. I had the privilege to serve with him on the board of the Denton Family Reunion (Enola) for several years. He was very insightful & shared so much knowledge about the history of the Denton family in Enola & surrounding areas. It won't be the same without him, but our corner of the world is so much better because of him. Rest in peace my dear cousin.

—Libby Young

My deeply sympathy for the Denton Family. Eddie. For the

family for the brother of Sharon Cain. The family will be the years my friend of Sharon. Wanda Mills

My sincerest condolences to the Denton family. I worked with Ed at Thayer Coggin. Ed was knowledgeable, compassionate, and above all, kind. He always made me feel welcomed and taught me a lot about the music he loved. His beautiful eyes and warm heart will be missed. May he rest in peace. Joan

I met Ed in the early 1990's as a customer at Directional Furniture, then again at Thayer Coggin. Since 2009, I have worked alongside Ed and many others at Thayer Coggin as their representative in Western Canada. Ed was always kind, helpful, slyly humorous, a gentleman and a scholar. It was a privilege and a pleasure to know him. I am so sorry for his family's loss. Very sincerely, Rosemary Nowicki

Eddie was a Prince of a man! I knew him in our early teens when my family moved to Morgantown where our dad, Willis Moore, was the minister at Pleasant Hill Baptist Church. His sister, Sharon, was one of my best friends. He was always the best at everything and made most of us want to be better. There is a hole in the world tonight due to his passing, BUT his light will continue to shine through in all that he touched! My prayers for his family as they learn to adjust !

Prayers and Peace for all in Jesus Christ our Lord and Savior.....

Sending heartfelt condolences to the Denton family today on the loss of my longtime friend and colleague, Ed Denton. Before I even entered the furniture and lighting industry, my brother had the pleasure of working with Ed. And for the past 40 years, I had that same honor. We shared decades of memories from our days with George Kovacs along with the past several years at Thayer Coggin furniture . Ed was one of the quiet, kind ones. He'd call me "Boom Boom," a nickname given to me by George Kovacs when I was just 22, and he never once let it go. We talked about everything during market —our families, the old days, and the love we both had for this industry. Ed was passionate about his work and used to say, "Why would I retire? What would I do without this?" I've watched his family grow up alongside mine, and his loss feels like losing a part of the industry I grew up in and a piece of the past we shared together . Tell GK I said hi, Ed. RIP

My first time meeting Eddie was in the fifth grade when my sister and I transferred to Mull School from Central Elementary in Morganton. I sat behind Eddie in Mrs. Young's class. Eddie welcomed me to my new environment. I learned that his family and mine had close geographic ties, his family living on one side of Little Cedar Mountain and my mother's family on the other side. We both had an abiding love for the South Mountains. I lost contact with Eddie after high school, but re-established contact at

Eddie after high school, but re-established contact at several Salem High School class reunions through the years. My last direct contact with Eddie was last summer when we had lunch together with several other SHS buddies at Timberwoods in Morganton. I remember that day fondly. My last contact with Eddie was several months ago.

Through texts and emails he expressed an interest in my research on the geology of South Mountains State Park. I mailed him a copy of a report I prepared several years ago. Hopefully, he gleaned a bit of interesting information from it. I'm privileged to have been able to renew my friendship with Eddie and extend condolences to his family in his loss.
