I am so sorry to hear of Mrs. Weatherford's passing. I had her many times as a substitute teacher throughout middle and high school, and all these years later, I have never forgotten her. She was one of the sweetest and kindest teachers I ever had. If you were struggling to understand something, she never made you feel embarrassed or less intelligent because of it. She took the time to help you understand, with a patience and kindness that came so naturally to her. It says a lot about a teacher when a student still remembers how she made them feel decades later. I certainly do. She was a wonderful lady who made a lasting impression on me, and I know I am far from the only one. My thoughts and prayers are with her family and all who loved her.
