# Tribute Wall

I just Googled Coach Colebank and found his obituary. Coach and I didn't hit it off at Stonewall Jackson during football practice as he wanted me to hit the sleds after running plays as a fullback. You have to understand that was in the early 60's when water wasn't allowed and you had to practice in intense heat in July and August. I got mad and slammed my helmet to the ground and said I quit. Coach said get back here and I kept walking. Coach caught up with me and proceeded to lift me up by my shoulder pads and tossed me about 5 yards it seemed. He stood over me and said " what are you going to do now"? I said Coach, I'm going to hit the sled. We became friends over the years after he retired and I have the utmost respect for him. I needed him at that moment and he delivered. God Bless Coach Harry Colebank. He was a good and caring man.
