I worked with Judy in Birch cottage for several years before she retired. When I first started working there, we became fast friends. She adored her residents and wanted the best care for them. She smiled all the time and had kind words for everyone in her presence. This woman was an amazing person all around. My heart hurts knowing she has passed on, but she's definitely in a better place, no more pain & she's now with the love of her life again. She will be missed by all of us who loved her dearly. My thoughts and prayers are with the family.
