helped Molinda design his Memorial Tablet after he passed away not all that long ago. It'll be my privilege to assist you with hers in the coming months. Molinda was my second mama and my godmother. Her and my mama have been friends for 45+ years. She meant the world to me. She tried to make every event that happened in my life. We talked all the time when we can. She always

taught me to be strong and always work hard and not give up. She was a tough cookie to crack, but she always LOVED her family. She always made time for me when I wanted to see her and visit. She was an amazing woman. Will miss our email conversations about life and everything else we

wanted to update one another on. Now your looking down on all of us and watching over us. I love you Sport and will miss you so much. Love, Julia Rose

Linda was my best friend in the 3rd thru 5th grade, then we moved with my Daddy's job. He and and my Mother brought me to see her once because I missed her so much. Once on a trip to Las Vegas with my sisters, I think she was the stewardess on our flight. She was standing there as we exited and we made eye contact and smiled at each other. I've always wished I had asked, "are you, Linda", but she was busy. May God comfort you, her family

Molinda was my "second" Mom. There are not enough words in the English language to describe how much I loved her. Harold and her were always so kind and extremely generous towards me. I am completely devastated and heartbroken to learn of her passing... but I know she is no longer suffering physically and I know she is with God. My life is a better life because of her. I will miss her emails and phone calls and constant love more than words can

miss her emails and phone calls and constant love more than words can describe. I will look forward to seeing her again on the other side. Rest in peace, "Mom" and thank you for choosing ME to be the daughter you never had.
