To all of Susan's family, I am so sorry for your loss and heartbroken. Susan was a kind sweet soul that I've had the honor of knowing for the last 20+ years. She took so much pride in her role as a caregiver, always positive and putting others

first. Each time I spoke with Susan she would comment on her grandchildren, they certainly were her pride and joy. She will certainly be missed but we will hang on to all those sweet memories. —Marlene

Susan had the biggest heart for her family and friends. She loved the clients she worked with so much that they were her family also. I worked with Susan at the Enola Group and enjoyed getting to know her. Sending prayers to her family.

My sincerest condolences to Susan's family. Susan and I were friends in high school. I have many fond memories of our teenage adventures during those tears. We once tried a bottle of Boones Farm together, which made us terribly

sick! Lesson learned..never again One summer, we took a Greyhound bus to Myrtle Beach and back. The people on the bus complained to the driver about our 8-track music playing, so he made us turn it off What a great time we had though! Thank you Susan (Blondee, as she was affectionately called by Tony), for your friendship, the many awesome memories, and for making my high school years bearable.
